About COMTO

The Conference of Minority Transportation Officials (COMTO) is the nation's only multi-modal advocacy organization for minority professionals and businesses in the transportation industry. COMTO is in a unique position to be involved and speak on behalf of minority professionals and businesses on the cutting edge of transportation issues that are sweeping the nation. We are the voice of equity in transportation.

Since its inception, COMTO has continued to evolve to become the premier organization for the training, education, and professional development of minority transportation professionals. The true measure of how far COMTO has come is revealed by the talent, tenacity and accomplishments of the members who have joined forces to correct the inequities of the past and chart the direction of the future. The founders, leaders, and dedicated workers whose original vision formed the foundation of the organization would be proud of COMTO today.

COMTO has thirty-seven (37) chapters across the United States and Canada. Members are transportation agencies, corporations, non-profit organizations, academic institutions, individuals, students, and Historically Underutilized Businesses (HUBs). Members of COMTO represent every sector of the transportation industry. Together with our members, COMTO moves the nation!

COMTO FT. LAUDERDALE CHAPTER

VISION: Our quest is a continual journey to develop the education and career opportunities of our members within the transportation industry.

MISSION STATEMENT: Our mission is to strengthen the position of under-represented talent by supporting members advancement into leadership positions and assisting communities in the areas of education and awareness of the transportation industry.
